SELECTED QUOTES

"With streaming giants like Netflix and Amazon aggressively establishing themselves in the documentary arena in recent years, documentaries have become a hot commodity. DOC NYC is evidence of that... Much of the festival's success can be attributed to its artistic director, Thom Powers; and executive director, Raphaela Neihausen."

– **Addie Morfoot, *Crain's New York***

<http://www.crainsnewyork.com/article/20161107/ENTERTAINMENT/161109872/this-documentary-film-festival-has-screened-the-eventual-oscar-winner>

"The city's premiere festival of nonfiction film."

– **Steve Dollar, *The Wall Street Journal***

<http://www.wsj.com/articles/the-city-as-subject-at-documentary-festival-1478472465>

"A full-to-bursting slate of some of this year's most remarkable documentaries. DOC NYC is the perfect chance to check out a wide variety of some of the year's best fact-based features."

– **Indiewire**

<http://www.indiewire.com/2016/11/doc-nyc-2016-most-anticipated-cameraperson-13th-oj-made-in-america-1201743690>

"DOC NYC has become an important springboard for the best new documentaries... expect to find an idiosyncratic selection of movies ranging from potential Oscar nominees to student work."

– **Daniel Eagan, *Film Journal International***

<http://www.filmjournal.com/features/experience-cream-documentary-crop-doc-nyc>

"While we've been short on innovative and memorable fiction films, we have had more than an abundance of powerful documentaries... Audiences at this year's DOC NYC Festival will find no shortage, either, with more than 250 films and events scheduled."

– **David Morgan, *CBS News.com***

<http://www.cbsnews.com/news/doc-nyc-festival-real-life-through-the-lens>

"DOC NYC has become a mainstay on the documentary festival circuit... [It] is slowly but surely becoming one of the must-attend festivals for cinephiles who have an affinity for the non-fiction side of cinema."

– **Joshua Brunsting, *Criterion Cast***

<http://criterioncast.com/festivals/doc-nyc/doc-nyc-2016-ten-films-to-keep-an-eye-on-from-this-years-doc-nyc-lineup>

"In my experience the best parts of any film festival are the documentaries. Stick with the documentaries, as opposed to the narrative films, and you will almost always see something great. This is not to take anything away from fiction filmmakers, but at film festivals the documentaries dominate. So, how fortunate we are that DOC NYC is right in our area."

– **Seth Shire, *Town & Village***
