

2021

PRESS BOOK

“Reality Wins at DOC NYC.”
- **Ben Kenigsberg, *New York Times***

“[The hybrid festival] is the best of both worlds!... Encompasses...
Stories about unique personalities to insightful examinations.”
- **David Ehrlich, *IndieWire***

“DOC NYC throws heat behind a bevy of awards hopefuls... The fest’s Short List has a history
of being a predictor of awards, from critics’ prizes and Top 10 lists to the Oscars.”
- **Addie Morfoot, *Variety***

“DOC NYC shortlist gives [an] Oscar lift... DOC NYC has earned
a reputation as an accurate predictor of Oscar success.”
- **Matt Carey, *Deadline***

“[DOC NYC is] a reliable Oscar predictor.”
- **Steve Pond, *The Wrap***

“An incredible slate of films... DOC NYC has established itself as a festival to watch.”
- **Stephanie Simon, *NY1-Spectrum News***

“DOC NYC is an annual cross section of the latest and greatest in non-fiction cinema.”
- **Josh Brunsting, *Criterion Cast***

“For those looking for foolproof viewing chockfull of cinematic risk-taking... ‘America’s
largest documentary festival’ is also now one of its most accessible... DOC NYC has
selected a number of films that rocked my world.”
- **Lauren Wissot, *Filmmaker Magazine***

“The premier documentary festival... It’s not every day that one of the world’s biggest,
buzziest, most prominent documentary film festivals rolls into town... And if you like
handicapping the Oscars, DOC NYC is a good place to start.”
- **Sasha Shapiro, *Brooklyn Magazine***

“[DOC NYC’s] selection has something for everyone.”
- **Steve Erickson, *Gay City News***

“The [Short List] programme is increasingly becoming one of the best
bellwethers in the Oscar race for Best Documentary Feature.”
- **Pat Mullen, *POV Magazine***

“The largest and most important documentary festival in America.”
- **Roger Moore, *Brazilian Press***

“A celebration of the documentary form... It’s a must for doc fans, with the year’s biggest
award winners usually popping up here, as well as affording ample space to find
under-the-radar gems of formal experimentation, social critique, and emotional power.”

- Chris Bourne, *In Review Online*

“If you are a fan of documentaries, you really can’t go wrong attending this fest. With so many intriguing titles on the schedule, it’s actually pretty difficult to narrow down what to see.”

- Matthew McCafferty, *Movie Jawn*

“[The DOC NYC Short List] certainly gives these docs a much needed boost during Awards season, and puts them on voters’ radars if they weren’t already.”

- Matt Delman, *Hammer to Nail*

“DOC NYC has a wealth of relevant films for progressive viewers.”

- Bill Meyer, *People’s World / Hollywood Progressive*

“DOC NYC once again provides a wealth of true-to-life tales... Dozens of amazing films... This year’s DOC NYC demonstrated how truly talented are documentary filmmakers the world over, many of whom aren’t household names but nonetheless continue the search for truth in a world less and less interested in it.”

- Eric Althoff, *Screen Comment*

“The spotlight is all too often taken by the A-list narrative films competing for above-the-line prizes, leaving some great nonfiction films in the dust. DOC NYC sets out to remedy that, with a program that is both a showcase for some of the films which will be racking up prizes in the months ahead and a platform for exciting new films to be discovered.”

- Sean Boelman, *Disappointment Media*

“It’s clear that the DOC NYC Short List is highly influential as being there gives and being projected in the festival itself gives a definite boost of visibility to any potential contender.”

- Ricardo Gallegos, *In Session Film*

“The mothership of film festivals that focus on documentaries.”

- Tinu Joseph, *ICAP Radio*

“[A] wonderful national and international documentary filmmaking exhibition.”

- Ricardo Gallegos, *But Why Tho?*

“Always one of the best doc festivals.”

- Ed Douglas, *Weekend Warrior Blog*

“[DOC NYC is] an alternative to the continuing rash of fake news and truthiness found on cable and social media.”

- Mark Rifkin, *This Week in New York*

“Full of great films... Magnificent... There is just too much good stuff to see... This is one of the best festivals and it is a must see for anyone who loves good films, especially documentaries.”

- Steve Kopian, *Unseen Films*

“Considered the most important [festival] of its kind in the United States.”

- **Prensa Latina**

“Another extraordinary slate of programming... The first ever hybrid DOC NYC festival was a rousing success... DOC NYC was the perfect example of the new way we consume movies... Narrowing down the films that should be on your radar was a challenge since the slate of films was strong, literally with something for everyone.”

- **Christine Connallon, Neon Grafitti**
