

World of
WONG KAR WAI

Extended through August 5 at **IFC** CENTER

IFC Center is proud to present the first complete theatrical retrospective of Wong Kar Wai, including seven new digital restorations, along with archival 35mm prints, covering his entire career as a director.

With his lush and sensual visuals, pitch-perfect soundtracks, and soulful romanticism, Wong Kar Wai has established himself as one of the defining auteurs of contemporary cinema. Joined by key collaborators such as cinematographer Christopher Doyle, editor and production and costume designer William Chang, and actors Tony Leung and Maggie Cheung, Wong (or WKW, as he is often known) has enraptured audiences and critics worldwide and inspired countless other filmmakers with his movies' poetic moods, narrative and stylistic daring, and potent themes of alienation and memory. Whether tragically romantic, soaked in blood, or quirkily comedic, the films in this retrospective are an invitation into the unique and wistful world of a deeply influential artist.
